The 2019 Chester Heritage Festival will take place between **21 and 29 June**, with over 60 events in and around Chester. The events will tell the story of our city and its people and, this year, many have a waterways theme, telling the stories of the River Dee and Chester's canal. Some of the events and activities are listed here

<https://visitchester.digitickets.co.uk/category/21797?navItem=59352>

Further ones will be included over the coming weeks, so remember to check again later. In the meantime **follow the festival on Twitter** for updates.
